Dear Herman,

Thanks for your thoughtful note of the 11th. I understand fully that May will not be a convenient time and am appreciative that you will keep us in mind for the autumn. We will really look forward to that.

Beyond that, I am most distressed that there may be some slip in your television serial. I hope the scriptwriter himself recovers and the project gets back on schedule in addition.

Have a wonderful trip to South Africa for your safari--but don't mention that you know me! Warmest regards.

Yours,

STANSFIELD TURNER

Mr. Herman Wouk
